A hand-drawn map showing a proposed bridge alignment (blue line) and various survey points marked with yellow circles. Handwritten text at the top left reads: "teren istniejącej przeprawy objęty przebudową wraz z budową niezbędnej infrastruktury i budową technicznej". A note on the right side says "Księga 67" and "0.5m". A vertical line on the right is labeled "100 SDR 27".

This image shows a page from a notebook with a grid pattern. The grid consists of small circles arranged in rows and columns. Interspersed among these circles are several five-pointed stars. A prominent feature is a large 'X' drawn through the center of the grid. The page has a light blue background with vertical lines on the left and right sides.

A photograph of a whiteboard or paper featuring handwritten text and diagrams. On the right side, the text "tek mocnej sieci kanalizacji wyk" is written in red, with a yellow rectangular box containing the number "Ks164". A black line points from this box to the text. To the left of the text, there are several blue lines forming a grid-like structure, with a few blue circles scattered around. In the lower-left quadrant, there is a cluster of small, hand-drawn five-pointed stars.

A hand-drawn technical sketch showing a cross-section of a trench or excavation. The sketch includes several horizontal lines representing the bottom of the trench and various symbols like stars, circles, and crosses scattered across the surface. A vertical dimension line indicates a height of 1.5m from the bottom to a specific point. A horizontal dimension line shows a width of 4.8m between two vertical lines. A red line labeled "dn 90 Pt100 SDR17" runs diagonally across the sketch. A green line labeled "Kst63" is also present. In the bottom right corner, there is a small diagram of a rectangular structure with internal lines forming a grid pattern.

A hand-drawn map on graph paper illustrating a site plan. The plan includes several key elements:

- Dimensions:** A dimension line indicates a distance of **7.7m** between two points.
- Labels:** Labels include "KStb2", "KStb1", "SC29", "90 PERIOD STR17", and "80 PERIOD STR17".
- Grid:** The entire area is overlaid with a grid pattern.
- Star Symbols:** Numerous small star symbols are scattered across the grid, particularly in the upper left and center areas.

A photograph of a page from a notebook. The page features a grid pattern with horizontal and vertical blue lines. A large, dark red arrow points upwards and to the right, originating from the bottom left. Above this arrow, the word "Dobiegnięcie" is written in red. In the bottom left corner, there is a yellow rectangular box containing the text "DROGA DK 22". To the right of the box, the number "K559" is written in black. There are several small circular marks scattered across the page, particularly around the central arrow and text area.

A hand-drawn diagram on graph paper. It features two vertical lines, one on the left and one on the right, both sloping slightly downwards from top-left to bottom-right. A horizontal line intersects these two vertical lines. The label 'Ks/56' is written vertically along the leftmost vertical line, and 'Ks/57' is written vertically along the rightmost vertical line. The label 'DRO' is written horizontally below the intersection point of the vertical lines and the horizontal line.

A hand-drawn technical diagram on lined paper. It features a vertical black line labeled "SDRTH" at the bottom. A blue line labeled "SDS" extends from the top left towards the center. A red triangle is positioned near the top center, containing the text "OOG SCB". The background includes several horizontal dashed lines and a faint grid pattern.

A hand-drawn technical sketch of a road section. The sketch shows a horizontal line representing the road, with a vertical line representing a curb or edge. A diagonal line extends from the bottom-left towards the top-right, representing a ramp or shoulder. The angle between the horizontal road and the diagonal line is labeled "90 PERIOD". A dimension line indicates a distance of "10.0m" between two points on the road surface. A label "SOS" is written near the bottom right. The sketch is drawn on lined paper.

A grid of handwritten 'C' characters arranged in a 10x10 pattern. The characters are written in a cursive style and are mostly black ink on a white background. A single blue line is drawn diagonally across the grid from the top-left corner to the bottom-right corner.

A graph on a coordinate plane showing a piecewise linear function. The function consists of two line segments. The first segment starts at the origin (0,0) and ends at the point (2, 4). The second segment starts at (2, 4) and ends at (4, 0). There is a sharp corner or cusp at the point (2, 4). A large 'X' is drawn on the horizontal axis below the graph, centered between x=1 and x=3.

A hand-drawn diagram on lined paper. It features a large triangle at the top, divided into several smaller triangles by dashed lines. The letters 'aa' are written in the upper right and middle sections. In the lower right section, there is a vertical line with the words 'END STAB' written along it. The entire diagram is drawn with blue ink.
